The overlap between boards (E) is usually 1/2" leaving approximately a 1" inch curved channel (F) revealed between. The overlap and channel width can be custom modified - sometimes ;-). The pattern diagram above is actually a WWPA Tongue and Groove pattern with a curved "reveal" similar to the classic Dutch Lap Pattern profile.

Rules of Snooker. Type of Game: International or "English" snooker is the most widely played form of snooker around the world. It is generally played on 6'x12' English billiard tables, with cushions that are more narrow than on pocket billiard tables and which curve smoothly into the pocket openings. 5 x 10 and snooker tables of even smaller playing dimensions may be used for the game.

Tipis are so media-associated with Native American Indians that they have become a stereotype (it's easy to draw their simplified forms, too). I was astounded to see, in a London-published, expensively-produced culture book for kids, a color photo of some friends putting up a colorful tipi at a Minneapolis powwow in 1978.

TIPIS: North American Native Pre-Contact Housing

It Works On Any Electronic Equipment - Monitor, Television, Power Supplies, VCR etc ... Easy For Anyone To Understand - Once you understand how to use the same techniques that I used, you'll realize that you don't need to buy any expensive schematic diagram, resistor decade box, and you'll get amazing results.
