Course Summary Chemistry 101: General Chemistry has been evaluated and recommended for 3 semester hours and may be transferred to over 2,000 colleges and universities.

Chemistry 101: General Chemistry Course - Study.com

An Introduction to Chemistry. Get started learning about the study of matter. These lecture notes, study guides, lab experiments, and example problems can help you understand the building blocks of life.

An Introduction to Chemistry - ThoughtCo

The history of chemistry represents a time span from ancient history to the present. By 1000 BC, civilizations used technologies that would eventually form the basis of the various branches of chemistry. Examples include extracting metals from ores, making pottery and glazes, fermenting beer and wine, extracting chemicals from plants for medicine and perfume, rendering fat into soap, making ...

History of chemistry - Wikipedia

Biochemistry, sometimes called biological chemistry, is the study of chemical processes within and relating to living organisms. Biochemical processes give rise to the complexity of life.. A sub-discipline of both biology and chemistry, biochemistry can be divided in three fields; molecular genetics, protein science and metabolism.Over the last decades of the 20th century, biochemistry has ...
