

Concepts In Federal Taxation 2015

The FairTax is a proposal to reform the federal tax code of the United States. It would replace all federal income taxes (including the alternative minimum tax, corporate income taxes, and capital gains taxes), payroll taxes (including Social Security and Medicare taxes), gift taxes, and estate taxes with a single broad national consumption tax on retail sales.

A fuzzy concept is a concept of which the boundaries of application can vary considerably according to context or conditions, instead of being fixed once and for all. This means the concept is vague in some way, lacking a fixed, precise meaning, without however being unclear or meaningless altogether. It has a definite meaning, which can be made more precise only through further elaboration ...

USA government is heavily involved in US nuclear energy through safety and environmental regulations, R&D funding, and setting United States energy goals. In the late 1990s, government policy and funding decisions have encouraged the development of greater civilian nuclear capacity. Nuclear power as part of the nation's long-term energy strategy continues with the Obama administration.
